thanks for getting back to me....I cannot remember if I even got back to you! We will try to free your lead start up as soon as we can.....

sigh....!!

Ann - I wouldn't be available until the week of Feb 13th. I am on phones next week and have IACP meetings the following week which I have to be at since my lead START has been reassigned to some Marcellus Shale Site. If coverage includes a weekend - I need to check my husband's weekend work schedule.

Lady and Gents-

Any interest in helping out at Dimock between now and February 24th? We think that we are going to be done with sampling by the middle of the week of Feb 13th, but most likely there will be 'things' still going on here. Charlie - Rich had said that you had said you were interested in helping out at some point.

We need a bit more OSC coverage - help!

thanks! Ann
